HARASSMENT, INTIMIDATION AND BULLYING POLICY

Reconstructed public copy. The file previously supplied under this policy title contains PACER bullying-prevention curriculum rather than AJHAE's standalone board policy. This copy uses only AJHAE language preserved in the Student/Parent Handbook and board-adopted student discipline materials.

AJHAE prohibits bullying and harassment in any form, including physical, verbal, social, and cyberbullying.

Bullying involves repeated behavior intended to harm, intimidate, or control another student.

All reports of bullying will be investigated, and appropriate action will be taken.

AJHAE's student discipline materials define intimidation, menacing, bullying, and cyberbullying as threats or conduct intended to harm, intimidate, or harass others, including conduct using electronic communication technologies.

Violations are addressed through the School's Code of Conduct and disciplinary procedures.
